Zoë Schwarz Blue Commotion is a six piece line-up whose members are all individually renowned as performers in their own right, and who have come together these past six years to put their personalities and talents into a cohesive contemporary and highly original blues flavoured gigging and recording band.

The band's individual credits include Nina Simone, Paul McCartney, Ben Waters, Jim Mullen, Bill Bruford, Van Morrison and many more.

"It is impossible and probably unnecessary to try and categorise BLUE COMMOTION due to their uniqueness" Blues Matters - 2012

"Schwarz takes all that is good from Janis Joplin and Billie Holiday and makes it uniquely her own" C.Michael Bailey AAJ - 2012

"Over the past five or six years a quiet revolution, or rather evolution, has been taking place on the south coast of England. The rise of BLUE COMMOTION is nothing short of phenomenal, with all six musicians contributing to high quality, original and inventive blues."
